World Impact

Beyond Traditional
Trade Fairs

RailTrans Expo offers an outstanding platform for domestic & international enterprises to network, exhibit their offerings and pursue new prospects in the rail & mobility sectors through various thematic zones, strategic leadership and technical sessions.

Transport in India encompasses rail, road, water, and air travel, with road and rail being the primary modes for most citizens. India's road network, the second-largest in the world after the United States, is one of the busiest, handling 8.225 billion passengers and over 1,000 million tonnes of cargo annually. The rail network, the fourth largest and second busiest globally, transports 8.09 billion passengers and 1.20 billion tonnes of freight each year. India's aviation sector, divided into military and civil aviation, is the fastest-growing market in the world, while its waterways network, including rivers, canals, backwaters, and creeks, ranks as the ninth-largest globally.

India is projected to account for 40% of the global share of rail activity by 2050 and plans to invest ₹5,400,000 crore (US\$670 billion) by 2030 to modernize its railway infrastructure. This investment will fund the electrification of railways, upgrading existing lines, expanding new routes, improving railway stations, developing a high-speed train network, and establishing freight corridors. The National Infrastructure Pipeline (NIP) in India is estimated to have invested over ₹108 lakh crore in the transport sector between 2020 and 2025. The National Rail Plan estimates a capital expenditure of ₹38.22 lakh crore for the railway sector by 2050. Foreign Direct Investment (FDI) inflows in railway-related components have reached US\$1.41 billion from April 2000 to June 2024. India is also committed to achieving its Net Zero Emission target by 2070.

Government of India has allowed 100% FDI in the railway sector.

ONE STOP SOLUTION FOR RAIL & MOBILITY SECTORS

Exhibition

The RailTrans Expo provides an exceptional platforms for both domestic and international businesses to network, showcase their innovative products and services, and explore new opportunities in the rail and transport infra sectors. It's a premier platform to forge partnerships, meet new buyers/sellers and generate new business.

Conferences

The Urban Infra Business Summit will gather Ministers, CEOs, Thought Leaders, Innovators, Industry Experts from around the world, establishing it as a premier global meeting place to discuss the future of rail & mobility, showcase innovative research, and share industry best practices across strategic and technical conferences.

Award Ceremony

The Urban Infra Business Leadership Awards (now part of RailTrans Awards 2025) will recognise the individual and companies for their outstanding contribution in shaping future of rail & mobility through their innovative ideas, products and solutions.

Executive Lounge

The RailTrans Expo offers an exclusive VIP experience for government officials, industry leaders and innovators. The executive club members enjoy private meeting rooms, world-class hospitality, and a comfortable networking space to foster productive connections with global sellers & buyers.

Innovation Hub

The RailTrans Expo offers an exclusive innovation centre where you can present and showcase your cutting-edge technology, products & solutions before the targeted audience. It can help you stay ahead of the curve and grow your company in the process. Our innovation hub is a space to explore ground-breaking ideas and connect with others.

Networking Lunch

The RailTrans Expo offers an exclusive networking lunch opportunities that provides a more intimate setting than other events, allowing attendees to chat and build relationships. It can help you strengthen business connections, get new ideas, foster a positive company culture and advance your professional skills.

WHY EXHIBIT AT THE RAILTRANS EXPO 2025?

1. Showcase Your Innovations to a Global Audience

Demonstrate cutting-edge technologies to 10,000+ attendees, positioning the company as a leader in sustainable rail & transit infra solutions.

2. Forge Strategic Partnerships

Connect with key industry players and decision-makers to foster collaborations that drive the global mobility transition and unlock new business opportunities.

3. Expand Global Presence

Join 250+ global exhibitors and increase visibility across international markets, capitalizing on India's growing influence in the rail and mobility sectors.

4. Generate Valuable Leads

Tap into a diverse pool of domestic and international leads from rail & transit sectors, accelerating sales and expanding the customer base of your company.

5. Market Research through Real-time Feedback

Collect feedback from attendees and engage with them in real-time. This information can be used to improve marketing strategies, refine products or services, and stay ahead of the competition.

6. Contribute to India's Mobility Future

Align with India's ambitious vision for a diversified, secure and low carbon mobility system, contributing to a sustainable future and supporting the country's net-zero targets by 2070.

WHO SHOULD EXHIBIT?

- Rail Technology Leaders
- Pod Taxi, Ropeway & Cable Cars
- Water Metro, Water Taxi, Ferries
- High Speed Rail, Maglev & Hyperloop
- Aviation, Air Taxi, Drones
- Rolling Stock & Components Suppliers
- OEMs & Equipment Suppliers
- Rail, Metro & Bus Operators
- EPC & Infrastructure Firms
- Freight, Logistics & Supply Chain
- EV, Hydrogen & Future Mobility
- Steel, Metal & Energy Companies
- HEMM, Lifts/Cranes, M&Ps Suppliers
- AI & Digital Solution Providers
- Hardware/Software, AFC, Payment
- Signalling, Automation, Traffic Tech
- Railway Production Units
- Innovators, Research & Development
- Investors, Banks & Funding Institutions
- Academia, Think Tank & Associations
- Project Management Consultants
- Training & Development Bodies
- MSMEs, Startups & NMT Promoters
- Exporters & Importers

CONFERENCE AGENDA AT RAILTRANS EXPO 2025

- Smart Financing Models: Global Investment Opportunities in Rail and Mobility Infrastructure in India
- Empowering Innovation and Collaboration: Opportunities for Corporates, MSMEs and Startups
- Innovative Opportunities in the Rolling Stock Industry: Future Trends and Market Growth
- New Business Avenues in Operation & Maintenance (O&M) for the future of Rail and Mobility
- Leveraging Global Practices and Innovations to Reduce Costs in Rail and Mobility Projects
- Smart Rail Freight Systems: Automation, AI and Blockchain for Seamless Operations

WHO WILL YOU MEET?

Government & Policy Makers

- Ministers
- Policy Makers
- Secretaries
- Board Members
- City Planners
- Ambassadors
- Consul General
- Embassy
- Advisors
- Economist

Corporate Business Leaders

- Chairman, President
- CEO, Managing Director
- Executive Vice President
- Regional/Country Head
- Sales Director, Manager
- Marketing Head, Manager
- Communications Head
- Commercial Head
- Procurement Head
- Academician, Analyst

Consultants & Technical Experts

- Technical Engineers
- Project Managers
- Health & Safety Experts
- Technology Experts
- Scientists, Innovators
- Operation Experts
- AI & Digital Experts
- Buyers
- OEMs, Suppliers
- Bankers

“ Urban Infra Group organized such an important event that, where not only important topic ranging from technological, infrastructure, finance, sustainability, new technology aspects, any many more are covered with very eminent speakers. They also created a forum where top class innovations and achievements of India can be recognized. I'm extremely privileged that I'm a part of this.

- Prof. Manoj Choudhary, Vice Chancellor, Gati Shakti Vishwavidyalaya, Min. of Railways

“ I had the privilege of addressing at RailTrans Expo 2024 on 'Viksit Bharat 2047' and the role of the NHEV initiative. The event was a commendable platform, showcasing advancements in rail, transport, and electric mobility. My compliments to Urban Infra Group & team for delivering an impactful program that brought together industry leaders, innovative solutions, and collaborative opportunities for India's future.

- Abhijeet Sinha, National Program Director, Ease of Doing Business
